

PRAJWAL MALI

Haveri, Karnataka, India | +91 8217341857 | prajwalmali984@gmail.com
linkedin.com/in/prajwal-mali | github.com/Prajju34

PROFESSIONAL SUMMARY

Detail-oriented **Bachelor of Computer Applications (BCA)** student specializing in **Cybersecurity and Network Security**. Combines a strong foundational knowledge of SOC operations, network monitoring, and phishing analysis with hands-on experience maintaining critical infrastructure uptime and physical security operations. Proven ability to troubleshoot effectively under pressure, manage system reliability, and implement virtual security labs. Actively seeking an entry-level position as a SOC Analyst or Cybersecurity Engineer.

TECHNICAL SKILLS

Cybersecurity & Networking:	SOC Basics, Network Monitoring, Threat Detection, Phishing Prevention & Analysis, Penetration Testing (Basics)
Operating Systems:	Kali Linux, Windows
Tools & Frameworks:	Wireshark, Nmap, Power BI, Excel
Programming & DB:	Python, SQL (Basics), HTML, CSS, JavaScript
Soft Skills:	Analytical Problem Solving, Cross-functional Collaboration, Incident Reporting, High-Pressure Decision Making

PROJECTS

NETGUARD – Network Security Dashboard Live Project

- Developed a comprehensive cybersecurity dashboard designed for real-time network monitoring and protocol analysis.
- Implemented simulated components for port scanning, Intrusion Detection System (IDS) alerts, and firewall rule configurations.
- Integrated a built-in subnet calculator and network visualization tools to maximize infrastructure visibility.
- Simulated multi-layered monitoring scenarios to reinforce threat detection, log analysis, and incident response frameworks.

Network Security Lab Environment Virtual Environment

- Designed and configured a dedicated virtual security lab utilizing **Kali Linux** and **Windows** environments.
- Conducted network reconnaissance, vulnerability scanning, and basic penetration testing scenarios to evaluate system weaknesses.
- Simulated real-world security threats to develop practical remediation and defensive strategies.

Data Analysis Projects Python Project

- Utilized Python to ingest, clean, and analyze complex datasets.
- Generated data-driven insights and interactive visual reports to aid in structural anomaly detection.

PROFESSIONAL EXPERIENCE

Mphasis (Qess Corp Ltd.) Bengaluru, India

Infrastructure Monitoring Technician & CCTV Operator October 2024 – February 2025

- Monitored critical infrastructure systems in real-time, maintaining a strict **99.9% uptime** standard for operational continuity.
- Managed, serviced, and executed preventive maintenance schedules for high-capacity UPS systems ranging from 30kVA to 300kVA.

- Mitigated operational downtime by proactively identifying environmental faults and troubleshooting high-capacity climate control (A/C) units.
- Maintained 24/7 continuous surveillance visibility via CCTV systems across corporate facilities to ensure comprehensive physical security compliance.
- Proactively detected, analyzed, and logged suspicious environmental or physical activities, escalating findings to back operational incident response.
- Collaborated tightly with cross-functional IT and facilities teams to optimize structural resilience in high-pressure environments.

The Developers Arena

Remote

Web Development Intern

January 2026 – March 2026

- Designed and deployed responsive, user-centric web applications utilizing HTML, CSS, and JavaScript.
- Enhanced front-end functionality, cross-browser accessibility, and visual hierarchy across core startup projects.
- Strengthened debugging, iterative code testing, and collaborative software development lifecycle skills.

EDUCATION

Karnataka State Open University

Expected Graduation: June 2027

Bachelor of Computer Applications (BCA)

Karnataka, India

S.J.V.P. College (Autonomous)

2022 – 2023

Pre-University Course (PUC) – Commerce

Harihar, India

CERTIFICATIONS

- **Cyber Job Simulation** – Deloitte Australia
- **Certified Phishing Prevention Specialist**
- **GenAI for Everyone**
- **Python Bootcamp**
- **Web Development Certification**
